- **5 pieces:**

Note!

If a software licence is to be purchased, this must be specified in the offer, as well as the duration of the licence, the terms and conditions, and the costs of maintenance, servicing and other costs for a period of 2, 3 and 5 years! The tenderer must also indicate whether the data obtained from the devices are usable and understandable without analysis in the software (alias manual data analysis)!

THE CLIENT RESERVES THE RIGHT NOT TO CONTRACT OUT OR TO CONTRACT OUT A REDUCED NUMBER OF INDIVIDUAL VARIANTS (TYPES) ACCORDING TO THEIR SUITABILITY FOR PURPOSE AND FINANCIAL FEASIBILITY!

CONTRACT CRITERIA

The listed variants will be contracted out according to the best bid principle as follows:

40%	price
60%	Product quality (evaluated by client jury with the help of experts and comparative studies - experience values and reports are an advantage)

Further information on the submission of the offer

- The client will award the contract to the bidder with the most convincing offer.
- **The client reserves the right not to contract out or to contract out a reduced number of individual variants (types) according to their suitability for purpose and financial feasibility.**
- The price must include all costs incurred by the bidder in the execution of the order, discounts, reductions and VAT must be indicated.
- Delivery to the seat of the client!
- The offer must be valid for 2024 or after the bid has been awarded to the selected supplier.
- Any cancellation costs for services not requested must be indicated.
- Payments are generally made after delivery of the individual modules and receipt of the invoice within 30 days.
- We will only deal with offers received in time.

The suppliers will be informed of the decision after the deadline for submission of the offers within a maximum of 14 working days.
